# Festlegung der Mobilität

Please **select your mobility type**. Choose carefully, if you pick the wrong one you'll have to start over.

### Semester Mobility

Discover a new culture and gain new experiences by going on **traditional academic mobility of between 2 and 12 months** at another higher education institution! Be sure to check out the possibility to upgrade your mobility experience with optional virtual components (e.g. online courses) next to your academic experience on campus.

### Blended Mobility with Short-term Physical Mobility

In case regular semester mobility is too long or otherwise inaccessible for you, experience short-term blended mobility! This format foresees between **5 and 30 days of physical mobility** at another higher education institution **combined with a compulsory virtual component**.

### Short-term Doctoral Mobility

Develop your skills and find contacts by going on **short-term doctoral mobility of between 5 and 30 days** at another higher education institution! To enhance the synergies with Horizon Europe, doctoral mobilities can also take place in the context of Horizon Europe funded research projects.
